

Moringa Tea

Invention Summary

Functional herbal tea

Technology overview:

The technology relates to the development of a herbal tea with functional properties using dried *Moringa olifera* leaves. The product is a dried coarse powder of *Moringa* leaves. The tea brew is rich in natural vitamins and has many health benefits such as antioxidant, anti-diabetic, lipid lowering and skin anti-aging properties.

Potential Applications

Functional natural products industry, herbal tea

Advantages

- Moringa plant is readily available and can be grown in any part of the country.
- *Moringa* tea brew has nutritional and contains functional health properties.
- Nutritional and functional properties of the developed product are scientifically validated by ITI.
- The final product is tested for quality control parameters.
