

Skin Whitening and Anti-aging Moringa Cream

Invention Summary

A herbal cream with skin-whitening and anti-ageing properties

Technology Overview:

The technology relates to the development of a herbal cream with skin whitening and anti-ageing properties using *Moringa olifera* leaf extract as an active herbal ingredient. This skin whitening and anti-ageing properties of the cream is mediated via anti-tyrosinase, anti-glycation, antioxidant and matrix metalloproteases enzymes inhibitory activities of the active herbal ingredient.

Potential Applications

Herbal cosmetic industry, natural skin whitening and anti-aging cosmetics, cosmeceutical industry

Advantages

- Low cost locally available raw materials are used
- Skin whitening and anti-aging property from natural herbal Moringa leaf extract
- Product is rich in natural vitamins such as vitamin A, β - carotene, B1, B2, B3, B6, C and E
- Skin whitening and anti-aging property is scientifically validated by ITI at laboratory conditions
- Comply with SLS 743: 2012 standard requirements

Patent application number:
17943
