

Virgin Coconut oil Lip Balm with Natural SPF 7

Invention Summary

A natural lip balm with healing properties was developed to protect lips from drying.

Technology overview:

The lip balm is 100% natural and provides protection to lips to seal moisture from dry air, cold temperatures, skin cracks etc. The product was tested for its shelf life and can last for two years. This product does not contain any hazardous chemicals. Natural preservatives and antioxidants have been added. Thermal stability complied with SLS 743: 2014 and the product was manufactured in accordance with WHO guidelines (2011). Organic certifications can be obtained. Natural virgin coconut oil having SPF 7 incorporated in to the product and will protect sun burn for up to one hour after application.

Potential Applications

Provides moisture/ healing ability for dry/ cracked lips

Advantages

- 100% natural ingredients used and also a green product certification can be obtained.
- Complies with WHO /SLSI standards.
- Contains natural virgin coconut oil having SPF 7
- Active ingredient content is as high as 80%
